PART I—FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority and Background

Section 3(d) of the Smith-Lever Act provides that the Secretary of Agriculture may fund extension work in the several states, territories, and possessions. Section 1425 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (as amended) is also known as the Expanded Food and Nutrition Education Program (EFNEP). Section 1425 is codified at [7 U.S.C. 3175](#). This law provides the basis for federal funding for extension activities associated with disseminating the results of food and nutrition research performed or funded by the U.S. Department of Agriculture to enable low-income individuals and families to engage in nutritionally sound food purchase and preparation practices. Funding extends to EFNEP at State land-grant colleges established under the Morrill Act of July 2, 1862, as amended, and the Morrill Act of August 30, 1890, as amended, including Tuskegee University, West Virginia State University and Central State University.

Section 7116 of the Food, Conservation, and Energy Act of 2008 (FCEA) amended Section 1425 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3175) to accomplish the following:

Notwithstanding section 3(d) of the Smith-Lever Act of May 8, 1914 (7 U.S.C. 343(d)) for administration, technical, and other services for coordinating the extension work of the Department and the several states, territories, and possessions the remainder shall be allocated among the states as follows:

1. 1862 Institutions shall receive a base in an amount equaling their FY 1981 allocation.
2. Four percent (4%) shall be available for administrative expenses.
3. \$100,000 will be distributed to each 1862 and 1890 Land-Grant Institution including the University of the District of Columbia.
4. 15 percent of funds appropriated for EFNEP in excess of funds appropriated in FY 2007 will be allocated to the 1890 Institutions in an amount that bearing the same ratio to the population living at or below 125 percent of the poverty level (as prescribed by the Office of Management and Budget and as adjusted pursuant to section 673(2) of the Community Services Block Grant Act (42 U.S.C.9902(2))) in the State where the 1890 Institution is located; bears to the total population living at or below 125 percent of the poverty level in all states where 1890 Institutions are located; as determined by the most recent decennial census at the time when the appropriated amount first exceeds levels appropriated for EFNEP in FY 2007.
5. The remainder will be allocated to each State in an amount that bears the same ratio to the total amount allocated as the population living at or below 125 percent of the poverty level in the State; bears to the total population living at or below 125 percent of poverty level in all states; as determined by the most recent decennial census at the time at which each such additional amount is first appropriated.

B. Purpose

The purpose of this funding is to increase the impact of nutrition education disseminated to low-income families and youth in the 50 states, the U.S. territories, and the District of Columbia.

The Expanded Food and Nutrition Education Program (EFNEP) should constitute the employment and training of professional and paraprofessional (peer educator) staff to engage in direct nutrition education and other appropriate nutrition education efforts, such as supporting technology, with low-income families and youth. To the maximum extent practicable, peer educators shall be hired from the “indigenous target population¹.”

EFNEP serves two primary low-income audiences: 1) families with young children (parents and other caregivers with primary responsibility for feeding young children); and 2) youth/children (grade range - kindergarten through 12th grade). Young adults with limited financial resources would also be appropriate for EFNEP, as they may become parents in the near future.

The priorities of EFNEP are to assist low-income families and youth in acquiring knowledge, skills, attitudes, and changed behaviors necessary for nutritionally sound diets and to contribute to their personal development and improvement of the total family diet and nutritional well-being. Participation in EFNEP should result in improved diets and nutritional well-being of the total family.

1. Individuals and families should experience improvements in four core areas:
 - a. Diet Quality and Physical Activity—Improved diets and nutritional and physical well-being through the adoption of federal food and physical activity recommendations.
 - b. Food Resource Management—Increased ability to buy, grow, or otherwise appropriately obtain, prepare, and store food that meets nutritional needs.
 - c. Food Safety—Improved household food safety and sanitation practices.
 - d. Food Security—Increased ability to get food directly—and from food assistance programs where necessary—to ensure having enough healthy food to eat.
2. Community involvement with EFNEP should result in:
 - e. Increased referrals across programs, organizations, and community groups to address participants’ needs and to strengthen universities’ capacity with respect to EFNEP’s four core areas.
 - f. Increased coordination, cooperation, and collaboration between universities and communities to accomplish local and state identified priorities associated with EFNEP’s four core areas.

PART II—AWARD INFORMATION

A. Available Funding

Subject to any FY 2021 Continuing Resolution NIFA will distribute funds to the institutions according to the amounts allocated in FY 2020. NIFA will adjust the allocations for FY 2021 once appropriations are finalized. The amount available for support of this program in FY 2020 was \$69,400,680.

The Automated Standard Applications for Payment System (ASAP), <https://www.fiscal.treasury.gov/asap/> operated by the Department of Treasury's Bureau of the Fiscal Service, will be the payment system for all NIFA grant awards. For more information, see <https://www.fiscal.treasury.gov/asap/>.

B. Type of Application

In FY 2021, submit applications to EFNEP as a “new” application.

PART III—ELIGIBILITY INFORMATION

A. Eligible Applicants

Table 1 lists the names of eligible applicants for this program. Award recipients may subcontract to organizations not eligible to apply if the subcontracts are necessary for the conduct of the project. PART IV—APPLICATION AND SUBMISSION INFORMATION

A. Electronic Application Package

Submit only electronic applications via Grants.gov to NIFA in response to this RFA. We urge you to submit early to the Grants.gov system. For information about the pre-award phase of the grant lifecycle, see <http://www.grants.gov/web/grants/learn-grants/grants-101/pre-award-phase.html>.

New Users of Grants.gov

Prior to preparing an application, we recommend that the project director/principal investigator (PD/PI) first contact an authorized representative (AR, also referred to as Authorized Organizational Representative or AOR)² to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), you must complete the one-time registration process PRIOR to submitting an application. The registration process can take as long as two weeks to complete. It is, therefore, critical to begin the process as soon as possible. To register, the AR should select “**Register**” in the top right corner of the Grants.gov web page (or go to <http://www.grants.gov/web/grants/register.html>).

Steps to Obtain Application Package Materials

To receive application materials:

1. You must download and install a version of [Adobe Reader](#) compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. Grants.gov has a test package that will help you determine whether your version of Adobe Reader is compatible.
2. To obtain the application package from Grants.gov, go to <http://www.grants.gov/web/grants/applicants/download-application-package.html> and enter the funding opportunity number:

Funding Opportunity Number: USDA-NIFA-10514-EFNEPXXX-21-0001

in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package. A Grant Application Package is tied to a particular funding opportunity. Applications must be submitted ONLY to the particular funding opportunity to which the Grant Application Package is associated. The application package also contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, additional information about the Grants.gov

²The Authorized Representative (AR) must have the authority to represent and bind the organization for any agreement (i.e., the individual who is authorized to commit the awardee’s time and other resources to the project, to commit the awardee to comply with the terms and conditions of the award instrument including those set out herein, and to otherwise act for or on behalf of the awardee institution or organization).

registration process, information about how to use a Grant Application Package in Grants.gov, and instructions on how to complete the application forms.

If you require assistance to access the application package (e.g., downloading or navigating Adobe forms) **or submitting the application**, refer to resources available on the Grants.gov website (<http://www.grants.gov/web/grants/applicants.html>). Grants.gov assistance is also available at:

PART V—APPLICATION REVIEW REQUIREMENTS

A. General

NIFA will review submitted documents to determine if all program, financial, and administrative requirements are met and are current.

B. Organizational Management Information

Specific applicant organizational management information shall be submitted on a one-time basis, with updates submitted as needed. If this information has not been submitted under this or another NIFA program, it is the responsibility of the organization to do so for determination of eligibility prior to the award of a grant identified under this RFA.

We will provide you the forms to fulfill these requirements as part of the pre-award process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination an applicant is not responsible based on submitted organizational management information).

PART VI—AWARD ADMINISTRATION

A. General

Within the limit of funds available for such purpose, the NIFA awarding official shall make grants to those responsible, eligible applicants.

B. Award Notice

The notice of federal award is the authorizing document. The award document contains award provisions and other pertinent information. See Notice of Award section at [Notice of Award](#) for further details.

C. Administrative and National Policy Requirements

Several federal statutes and regulations apply to grant applications considered for review and to project grants awarded under this program. These may include, but are not limited to, those listed at [USDA/NIFA Federal Regulations](#).

NIFA Federal Assistance Policy Guide—a compendium of basic NIFA policies and procedures that apply to all NIFA awards, unless there are statutory, regulatory, or award-specific requirements to the contrary, is available at [Policy Guide](#).

D. Expected Program Outputs and Reporting Requirements

Universities must provide four program documents using the Web-based Nutrition Education Evaluation and Reporting System (WebNEERS):

1. EFNEP 5-Year Plans or Annual Updates depending on the cycle – due July 1, 2021 for FY 2022.
2. EFNEP Preliminary Budget Costs with Justification – due August 20, 2021 for FY 2022. The majority (51) percent or more of the total annual Federal appropriation to each university is to be used for paraprofessional personnel and their support costs. Budget estimates will be based on FY 2020 university allocation amounts.
3. EFNEP Final Budget Costs with Justification based on the final allocation amounts for FY 2021 – due 45 days after the final allocations are published. The majority (51) percent or more of the total annual Federal appropriation to each university is to be used for paraprofessional personnel and their support costs. The actual due date will be announced over the EFNEP listservs.
4. WebNEERS Report (university’s evaluation data for previous fiscal year (FY 2020)) – due November 1, 2020.

Instructions for submitting reporting requirements through WebNEERS are available on the EFNEP Reporting Requirements Webpage – [WebNEERS](#). If you need information about or access to WebNEERS, contact your university’s EFNEP Coordinator.

All program-specific reporting requirements must be received and approved by NIFA program staff before funds can be released. For FY 2021:

- a. EFNEP 5-Year Plans or Annual Updates (depending on the cycle) and EFNEP Preliminary Budget Costs with Justification must be approved for first quarter and subsequent payments to be released,
- b. WebNEERS Reports must be approved for second quarter and subsequent payments to be released, and
- c. “Final” EFNEP Budget Costs with Justification must be approved for quarterly payments to be released, specific quarter that may be held will be contingent on the publication date of the final allocation amounts. The majority (51) percent or more of the total annual Federal appropriation to each university is to be used for paraprofessional personnel and their support costs.

Other Requirements

Program coordinators, or their designees, are expected to: 1) fully participate in the National EFNEP conference held annually either virtually or in the DC area; 2) actively participate in all webinar and other trainings as required by the Federal Office; and 3) read and respond (if requested) in a timely manner to messages sent by the Federal Office to Program Coordinators/their designees either directly or via the National EFNEP listservs.

Section 4019 of the Agriculture Improvement Act of 2018 (Pub.L.115-334) requires the Administrator of the Food and Nutrition Service, in consultation with the Director of the National Institute of Food and Agriculture, to annually submit a report to Congress on the level of coordination between the nutrition education and obesity prevention program (a.k.a. Supplemental Nutrition Assistance Program – Education, (SNAP-Ed)), EFNEP, and any other nutrition education program administered by the Department of Agriculture.
